Study Guide for Module 8: Case Studies of Nutrient Management

Topic Outline

8.1 Western Lake Erie Basin, USA
   8.1.1. Nutrient Stewardship Certification Program
      8.1.1.1 Context
   8.1.2 Addressing the Problem
      8.1.2.1 Actors involved
      8.1.2.2 Summary of Actions Taken
   8.1.3 Successes and Lessons Learned
      8.1.3.1 Results so far
      8.1.3.2 Broad Conclusions on Nutrient Management
      8.1.3.3 Knowledge Check
   8.1.4 Acknowledgements and References
      8.1.4.1 Acknowledgements
      8.1.4.2 References

8.2 Chesapeake Bay, United States
   8.2.1 Dirty Waters
      8.2.1.1 Context
      8.2.1.2 The Problem Faced
   8.2.2 Partnerships and Progress
      8.2.2.1 Actors involved
      8.2.2.2 Policy Action
      8.2.2.3 Economic Analysis
      8.2.2.4 Restoration
   8.2.3 Impacts
      8.2.3.1 Results So Far
      8.2.3.2 Broad Implications
      8.2.3.3 Knowledge Check
   8.2.5 Resources and References
      8.2.5.1 Resources
      8.2.5.2 References

8.3 Manila Bay Environmental Management Project (MBEMP), Philippines
   8.3.1 Manila Bay Environmental Management Project (MBEMP)
      8.3.1.1 Context & Main Problems Faced
8.3.2 Results and Lessons Learned
   8.3.2.1 Results
   8.3.2.2 Lessons Learned
   8.3.2.3 Knowledge Check

8.3.3 Resources and References
   8.3.3.1 References
   8.3.3.2 Resources

8.4 The Black Sea, Eastern Europe and Western Asia
   8.4.1 Pressure on Black Sea
      8.4.1.1 Context
   8.4.2 Addressing the Problem
      8.4.2.1 Actors Involved
      8.4.2.2 Summary of Actions Taken
   8.4.3 Results
      8.4.3.1 Results and Factors of Success
      8.4.3.2 Conclusions
      8.4.3.3 Knowledge Check
   8.4.4 Resources and References
      8.4.4.1 References

8.5 Nitrate Directive, European Union member states
   8.5.1 Context
      8.5.1.1 Introduction
      8.5.1.2 Summary of the main problem faced
   8.5.2 Goals and Actions
      8.5.2.1 Goals of Directive
      8.5.2.2 Summary of Actions
   8.5.3 Results and Factors of Success
      8.5.3.1 Results
      8.5.3.2 Factors of Success
      8.5.3.3 Conclusions
      8.5.3.4 Knowledge Check
   8.5.4 EU Nitrate Directive
      8.5.4.1 References and Resources

8.6 The Global Partnership on Nutrient Management (GPNM), Global
   8.6.1 World-wide Nutrient Management Collaboration
8.6.1.1 Context
8.6.1.2 Summary of Problem Faced

8.6.2 Addressing the Problem
8.6.2.1 Partners Involved
8.6.2.2 Summary of Actions Taken

8.6.3 Results and Lessons Learned
8.6.3.1 Results to Date
8.6.3.2 Broad Conclusions
8.6.3.3 Knowledge Check

8.6.4 Acknowledgements and References
8.6.4.1. Acknowledgements
8.6.4.2. References
8.6.4.3. Resources

Readings
Western Lake Erie Basin, United States

Chesapeake Bay, United States

Manila Bay Environmental Management Project (MBEMP), Philippines

The Black Sea and the Danube River Basin, Eastern Europe and Western Asia

**Nitrate Directive, European Union member states**

**The Global Partnership on Nutrient Management (GPNM), global scale** *

**Resources**
